Options available under the product

1. Health Care Benefit Option

Elite Variant:

Health Care Benefit Option is being offered to enable customers to access money from this policy in case of health related needs. As the Elite variant offers limited pay options, the Fixed Daily Hospitalisation Cash Benefit (FDHC) and Fixed Surgical Care Benefit (FSC) expire at the end of premium payment term. In such scenarios, there is a risk that the customer may end up surrendering the entire policy in case of health related emergencies. In order to ensure that the policy continues, the Elite variant offers the flexibility to withdraw from the Accrued Benefit to take care of medical / health / wellness needs.

The Health Care Benefit Option becomes available post the end of premium payment term, if all premiums till date are paid. Post the end of premium payment term, an amount up to 20% of the Accrued Benefit as at previous policy anniversary can be withdrawn each year. The minimum amount that can be withdrawn at any time is Rs. 5,000.

The amount withdrawn under the Health Care Benefit Option is to allow an advance against Maturity Benefits, if opted by the policyholder.

The withdrawal may be made as single lump sum withdrawal or multiple withdrawals. Savings Booster shall not be applicable on the amount withdrawn.

This option is not available for reduced paid up policies.

Lite Variant:

Health Care Benefit option is not available under this Variant.

2. Wellness Program:

A wellness program is available under both variants of the product, with the objective of maintaining life insured's good health through provision of incentives to engage in a multi-faceted healthy lifestyle. This is an inbuilt benefit available to life insured.

This program comes with no additional cost.

Benefits under wellness program:

- **First year premium discount:** On enrolling for the wellness program via the Axis Max Life Wellness mobile application at policy inception, a discount of 5% will be applicable on the Annualized Premium for the 1st policy year.
- **Wellness Booster (till PPT):** An additional Wellness Booster (as % of the Annualised Premium applicable at inception of the policy, provided all due premiums have been paid) will be accrued under the policy at the end of each year (based on the wellness status achieved for that year), if the life insured maintains a healthy lifestyle and tracks their progress towards health/fitness goals under the wellness program.
The life insured's wellness status shall be based on a point based structure and shall be used to determine the Wellness Booster. The points will be allocated through a range of parameters comprising of online assessments, physical activity, health check-up and participation in health challenges. Any change in parameters will be subject to Board approved underwriting policy. The communication with respect to wellness benefit shall be notified to the policyholder before the policy anniversary.
- **Health Services:** The life insured may avail Medical Consultation services/Discounted Medicines and such health related services from service provider(s) affiliated to/registered with the Axis Max Life Wellness mobile application. The services are expected to assist the life insured to ascertain diagnosis of a medical condition and obtain due care for the life insured in case of illness.

The health services shall be subject to review and revision based on objective measurable criteria in line with the Board Approved Underwriting Policy.

Objective Criteria:

The Wellness Status is driven by an objective criterion where the life insured attains the status by accumulation of reward points. The points are allocated through a range of parameters comprising of online assessments, physical activity & health check-up through our empaneled service providers. The table below gives the point structure for determining Wellness Status basis age at entry:
