**V. DISCLOSURE REQUIREMENTS UNDER FORM PAS-4** (*Pursuant to section 42 of Companies Act, 2013 read with Rule 14(1) of Companies (Prospectus and Allotment of Securities) Rules, 2014*):

Please refer to Section 3 (*Disclosures under Companies Act, 2013*) of this Key Information Document

## SECTION 1: RISK FACTORS

*Investing in the NCDs involves significant risk. Investors of the NCDs should consider carefully all of the information in the General Information Document and this Key Information Document, including in particular, the risk factors discussed below. Unless the context requires otherwise, the risk factors described below apply alone to the Issuer. If any of the following risks actually occur, our business, results of operations, cash flow, financial condition and prospects could be materially and adversely affected. In addition, other risks and uncertainties not currently known to us or that we currently deem immaterial may also materially and adversely affect our business, financial condition, cash flows and results of operations. This could, in turn, affect adversely our ability to make payments on the NCDs offered hereby.*

*Unless specified or quantified in the relevant risk factors, the Issuer is not in a position to quantify the financial or other implications of any risk mentioned herein below.*

*In this section, a reference to “we”, “us”, or “our” means the Issuer, unless the context otherwise requires.*

The following are the risks relating to us and the Debentures envisaged by our management. We believe that the factors described below represent the principal risks inherent in investing in the Debentures.

### 1. RISKS RELATING TO THE ISSUER

Please refer to Section 1 of the General Information Document.

### 2. RISKS IN RELATION TO INVESTMENT IN THE NON-CONVERTIBLE DEBENTURES

***The Bonds may not be a suitable investment for all investors.***

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained in this Key Information Document.
- have access to, and knowledge of, the appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio.
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds;
- understand thoroughly the terms of the Bonds and be familiar with the nature of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial advisor) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Bonds are complex financial instruments and investors may purchase such instruments as a way to manage risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Bonds unless it has the expertise (either alone or with a financial advisor) to evaluate how the Bonds will perform under changing conditions. and the impact this investment will have on the potential investor's overall investment portfolio.

***Payments made on the Bonds are subordinated to certain tax and other liabilities preferred by law.***

The Bonds will be subordinated to certain liabilities preferred by law such as to claims of the Government on account of taxes, and certain liabilities incurred in the ordinary course of the Bank's trading or banking transactions. In particular, in the event of bankruptcy, liquidation or winding-up, the Bank's assets will be available to pay obligations on the Bonds only after all of those liabilities that rank senior to such Bonds have been paid. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining, after paying amounts relating to these proceedings, to pay amounts due on the Bonds.

***There is no assurance that the Bonds issued pursuant to this Issue will be listed on Stock Exchanges in a timely manner, or at all.***

In accordance with Indian law and practice, permissions for listing and trading of the Bonds issued pursuant to this Issue will not be granted until after the Bonds have been issued and allotted. Approval for listing and trading will require all relevant documents to be submitted and carrying out of necessary procedures with the stock exchanges. There could be a failure or delay in listing the Bonds on the Stock Exchanges for reasons unforeseen.

***There may be no active market for the Bonds on the platform of the Stock Exchanges. As a result, the liquidity and***

***market prices of the Bonds may fail to develop and may accordingly be adversely affected.***

Any issue of Bonds carried out hereunder will be a new issue of bonds and the Bonds have no established trading market. There is no assurance that a trading market for the Bonds will exist and no assurance as to the liquidity of any trading market. Although an application will be made to list the Bonds on the NSE and/or BSE, there can be no assurance that an active market for the Bonds will develop, and if such a market were to develop, there is no obligation on us to maintain such a market. The liquidity and market prices of the Bonds can be expected to vary with changes in market and economic conditions, Bank's financial condition and prospects and other factors that generally influence market price of such instruments. Such fluctuations may significantly affect the liquidity and market price of the Bonds, which may trade at a discount to the price at which you purchase the Bonds.

***Bonds may be illiquid in the secondary market.***

The Bank intends to list the Bonds on the new debt market segment of NSE and the wholesale debt market segment of the BSE. The Bank cannot provide any assurance that the Bonds will be frequently traded on the Stock Exchanges and that there would be any market for the Bonds. The current trading of the Bank's existing listed non-convertible debentures, if any, may not reflect the liquidity of the Bonds being offered through the Issue. It is not possible to predict if and to what extent a secondary market may develop for the Bonds or at what price the Bonds will trade in the secondary market or whether such market will be liquid or illiquid. The fact that the Bonds may be so listed or quoted or admitted to trading does not necessarily lead to greater liquidity than if they were not so listed or quoted or admitted to trading. Further, the Bank may not be able to issue any further Bonds, in case of any disruptions in the securities market.

***The terms of these Bonds contain no limitation on issuing debt or senior or pari passu securities.***

There is no restriction on the amount of debt securities that the Bank may issue. The issue of any such debt securities may reduce the amount recoverable by investors in the Bonds upon the Bank's bankruptcy, winding-up or liquidation.

***There has been no prior public market for the Debentures.***

Any issue of debentures carried out hereunder will be a new issue of non-convertible debentures and the Bonds have no established trading market. There is no assurance that a trading market for the Bonds will exist, and no assurance is given as to the liquidity of any trading market. Before this offering, there has been no public market for these Bonds. Although an application will be made to list the Bonds, there can be no assurance that an active public market for the Bonds will develop, and if such a market were to develop, there is no obligation on us to maintain such a market. The liquidity and market prices of the Bonds can be expected to vary with changes in market and economic conditions, our financial condition and prospects and other factors that generally influence market price of such instruments. Such fluctuations may significantly affect the liquidity and market price of the Bonds, which may trade at a discount to the price at which you purchase the Bonds. There may be limited or sporadic trading of the Debentures of the Issuer on the stock exchanges.

***A downgrade in ratings may affect the trading price of the Bonds.***

Any ratings assigned to the Bonds that may be issued do not reflect the Bank's ability to make timely payments of principal and interest. A rating is not a recommendation to buy, sell or hold any security, does not address the likelihood or timing of repayment of the Bonds and may be subject to revision, suspension or withdrawal at any time by the assigning rating organization. There can be no assurance that the ratings assigned to it or the Bonds will remain in effect for any given period or that the ratings will not be revised by the rating agencies in the future if, in their judgment, circumstances so warrant. A downgrade in ratings may affect the trading price of the Bonds.

***Repayment is subject to the Credit Risk of the Bank***

Prospective investors should be aware that the interest amount and/or principal amount in respect of debentures are subject to Credit Risk of the Bank.

***The Bank is not required to maintain a Debenture Redemption Reserve (DRR) in relation to the Bonds***

As per the provisions of the Companies Act, 2013 and the Rules made thereunder, every company shall create a Debenture Redemption Reserve ("DRR") for the purpose of redemption of debentures out of the profits of the company available for payment of dividend. However, as per the Rule 18 (7)(b)(i) of the Companies (Share Capital and Debentures) Rules, 2014, no DRR is required for debentures issued by All India Financial Institutions (AIFIs) regulated by Reserve Bank of India and Banking Companies for both public as well as privately placed debentures. Pursuant to this exemption, the Bank does not intend to create any DRR.

### **3. LISTING OF NCDs**

There is no guarantee that the Debentures issued pursuant to this Issue will be listed on the Stock Exchange in a timely manner, or at all. The Issuer intends to list the Debentures on the new debt market segment of NSE and wholesale debt

market segment of BSE. In accordance with Indian law and practice, permissions for listing and trading of the Debentures issued pursuant to this Issue will not be granted until after the Debentures have been issued and allotted. Approval for listing and trading will require all relevant documents authorising the issuing of Debentures to be submitted. There could be a failure or delay in listing the Debentures on the Stock Exchange. Any failure or delay in obtaining the approval would restrict an investor's ability to trade in the Debentures.

**4. REFUSAL IN LISTING OF ANY SECURITY OF THE ISSUER DURING LAST THREE YEARS BY ANY OF THE STOCK EXCHANGES IN INDIA OR ABROAD:**

As of date, the Issuer has not been refused in listing of any security during the last 3 years by any of the stock exchanges in India or abroad and therefore, this would not be applicable.

**5. LIMITED OR SPORADIC TRADING OF NON-CONVERTIBLE SECURITIES OF THE ISSUER ON STOCK EXCHANGES:**

The Issuer cannot provide any guarantee that the Debentures will be frequently traded on the Stock Exchange and that there would be any market for the Debentures. It is not possible to predict if and to what extent a secondary market may develop in the Debentures or at what price the Debentures will trade in the secondary market or whether such market will be liquid or illiquid. Once the Debentures are listed or quoted or admitted to trading, no assurance is given that any such listing or quotation or admission to trading will be maintained. The fact that the Debentures may be so listed or quoted or admitted to trading does not necessarily lead to greater liquidity than if they were not so listed or quoted or admitted to trading.

The Issuer may, but is not obliged to, at any time purchase the Debentures at any price in the open market or by tender or private agreement where permitted by law. Any Debentures so purchased may be resold or surrendered for cancellation. The more limited the secondary market is, the more difficult it may be for holders of the Debentures to realise value for the Debentures prior to redemption of the Debentures.

**6. IN CASE OF OUTSTANDING DEBT INSTRUMENTS OR DEPOSITS OR BORROWINGS, ANY DEFAULT IN COMPLIANCE WITH THE MATERIAL COVENANTS SUCH AS CREATION OF SECURITY AS PER TERMS AGREED, DEFAULT IN PAYMENT OF INTEREST, DEFAULT IN REDEMPTION OR REPAYMENT, NON-CREATION OF DEBENTURE REDEMPTION RESERVE, DEFAULT IN PAYMENT OF PENAL INTEREST WHEREVER APPLICABLE**

As of date, the Issuer has not defaulted in compliance with any material covenants agreed to by the Issuer and therefore, this would not be applicable.

Not Applicable, as the present issuance is unsecured

2. Terms and conditions of the debenture trustee appointment agreement including fees charged by the Debenture Trustee, details of the security to be created and the process of due diligence carried out by the

Debenture Trustee:

Terms and Conditions of Debenture Trustee Appointment Agreement including fees charged by debenture trustee:

The Issuer has appointed IDBI Trusteeship Services Limited as the Debenture Trustee for the benefit of the NCD Holders. Conditions for fees, costs and expenses to be paid by the Issuer to the Debenture Trustee are as follows:

- (a) The Issuer shall pay to the Debenture Trustee, on demand, so long as it holds the office of the Debenture Trustee, remuneration for its services as the Debenture Trustee in addition to all actual costs and expenses (including legal fees), traveling, out-of-pocket and other costs, charges and expenses which the Debenture Trustee or its officers, employees or agents may incur in connection with the preparation, negotiation of or execution of the Transaction Documents (including any amendment of, supplement to or waiver in respect of the Transaction Documents), against submission of the requisite supporting documents. The remuneration of the Debenture Trustee appointed by the Issuer shall be as per the fee letter bearing reference number 4727/CL/24-25/DEB/537 dated August 26, 2024 issued by the Debenture Trustee to the Issuer (the “**Fee Letter**”).
- (b) Any amounts payable to the Debenture Trustee shall be payable within the timelines as mentioned in the Fee Letter from when they are due, failing which penalty at the rate mentioned in the Fee Letter compounded monthly will be paid on such amounts until paid.
- (c) The Issuer shall promptly pay, and in any event before any interest or penalty becomes payable, any stamp or similar tax payable in connection with the execution, enforcement or admissibility in evidence of the Debenture Trustee Appointment Agreement and/or any such amendment, supplement or waiver.

Details of Security to be Created: Not applicable as the Debentures are unsecured.

Process of Due Diligence carried out by the Debenture Trustee:

The Debentures are considered unsecured for the purposes of the Companies Act, 2013 and the SEBI Regulations. The Debenture Trustee has accordingly issued a due diligence certificate in the format given in **Schedule IV** of the SEBI NCS Regulations.

For the purpose of carrying out the due diligence as required in terms of the Applicable Laws, the Debenture Trustee, either through itself or its agents /advisors/consultants, shall have the power to examine the books of account of the Issuer and to have the Issuer’s assets inspected by its officers and/or external auditors/valuers/consultants/lawyers/technical experts/management consultants appointed by the Debenture Trustee. Without prejudice to the aforesaid, the Issuer shall ensure that it provides and procures all information, representations, confirmations and disclosures as may be required in the sole discretion of the Debenture Trustee to carry out the requisite diligence in connection with the issuance and allotment of the Debentures, in accordance with the Applicable Laws. The Debenture Trustee shall have the power to either independently appoint, or direct the Issuer to (after consultation with the Debenture Trustee) appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee

3. Due diligence certificate issued by the Debenture Trustee has been provided in **Annexure G**.

Dear Mr. Puneet Sharma,

**Re: CRISIL rating on the Rs.5000 Crore Infrastructure Bonds of Axis Bank Limited.**

All ratings assigned by CRISIL Ratings are kept under continuous surveillance and review.

Please refer to our rating letter dated February 12, 2024 bearing Ref. no: RL/UTIBANK/331735/INFBOND/0224/79268/161988919

Rating outstanding on the captioned debt instruments is "CRISIL AAA/Stable" (pronounced as "CRISIL triple A rating" with Stable outlook). Securities with this rating are considered to have the highest degree of safety regarding timely servicing of financial obligations. Such securities carry lowest credit risk..

In the event of your company not making the issue within a period of 180 days from the above date, or in the event of any change in the size or structure of your proposed issue, a fresh letter of revalidation from CRISIL Ratings will be necessary.

As per our Rating Agreement, CRISIL Ratings would disseminate the rating along with outlook through its publications and other media, and keep the rating along with outlook under surveillance for the life of the instrument. CRISIL Ratings reserves the right to withdraw, or revise the rating / outlook assigned to the captioned instrument at any time, on the basis of new information, or unavailability of information, or other circumstances which CRISIL Ratings believes may have an impact on the rating. Please visit [www.crisilratings.com](http://www.crisilratings.com) and search with the name of the rated entity to access the latest rating/s.

As per the latest SEBI circular (reference number: CIR/IMD/DF/17/2013; dated October 22, 2013) on centralized database for corporate bonds/debentures, you are required to provide international securities identification number (ISIN; along with the reference number and the date of the rating letter) of all bond/debenture issuances made against this rating letter to us. The circular also requires you to share this information with us within 2 days after the allotment of the ISIN. We request you to mail us all the necessary and relevant information at [debtissue@crisil.com](mailto:debtissue@crisil.com). This will enable CRISIL Ratings to verify and confirm to the depositories, including NSDL and CDSL, the ISIN details of debt rated by us, as required by SEBI. Feel free to contact us for any clarifications you may have at [debtissue@crisil.com](mailto:debtissue@crisil.com)

Should you require any clarifications, please feel free to contact us.

With warm regards,

Yours sincerely,

#### Detailed Rationale

CRISIL Ratings has assigned its '**CRISIL AAA/Stable**' rating on Rs.5000 crore Infrastructure bonds of Axis Bank Limited (Axis bank). Ratings on other debt instruments have been reaffirmed at '**CRISIL AAA/CRISIL AA+/Stable/CRISIL A1+**'.

CRISIL Ratings has also **withdrawn** its rating of Rs.5000 crore infrastructure bond in line with its withdrawal policy (See Annexure 'Details of Rating Withdrawn' for details). CRISIL Ratings has received independent confirmation that these instruments are fully redeemed

The overall ratings continue to reflect the bank's strong capitalization and strong market position and its comfortable resource profile. These strengths are partly tempered by the average asset quality.

Supported by regular equity capital raised by via qualified institutional placements (QIP) and improved accruals, the capital ratios of Axis Bank have remained healthy, as reflected in tier 1 and overall capital to risk-weighted adequacy ratio (CRAR) of 14.6% and 17.8%, respectively, as on September 30, 2023 as against 15.8% and 17.7%, respectively, a year earlier (including profits) (14.0% and 17.6%, respectively, as on March 31, 2023). Rating on the Tier I bonds (Under Basel III) is as per the criteria for these instruments (please refer to '**CRISIL's rating criteria for BASEL III-compliant instruments of banks**').

#### Analytical Approach

For arriving at its ratings, CRISIL Ratings has combined the business and financial risk profiles of Axis Bank and its subsidiaries. This is because of majority shareholding, business and financial linkages and shared brand.

Please refer Annexure - List of entities consolidated, which captures the list of entities considered and their analytical treatment of consolidation.

#### Key Rating Drivers & Detailed Description

##### Strengths:

**Strong capital position with demonstrated ability to raise capital**

Capitalisation is strong, with sizeable network of Rs 1,37,350 crore as on September 30, 2023 (Rs 1,25,417 crore as on March 31, 2023). Tier-I capital adequacy ratio (CAR) and overall CAR were comfortable at 14.6% and 17.8%, respectively, as on same date (14.0% and 17.6%, respectively, as on March 31, 2023). Capitalisation is also supported by the bank's demonstrated ability to raise equity. Healthy networth also cushions credit growth and helps maintain adequate cover against net non-performing assets (NPAs). Net worth to net NPA ratio stood at 39.9 times as on September 30, 2023 and has improved from 9.1 times as on March 31, 2020. Given the bank's healthy cash accrual and demonstrated ability to raise capital, it is likely to maintain healthy capitalisation to support overall credit risk profile of the bank and also adequately cover for asset-side risks, while pursuing credit growth over the medium term.

The recent regulation by Reserve Bank of India (RBI) on revised risk weights on unsecured consumer loans, including credit card receivables and loans to non-banking financial companies (NBFCs) beyond a specific threshold is expected to have an impact on the capital ratios of the bank, however the capitalisation levels will remain comfortable.

**Healthy resource profile**

The resource profile remains healthy, with share of stable low-cost current and savings account (CASA) deposits at 44% of total deposits as on September 30, 2023 (47% as on March 31, 2023 and 45% as on March 31, 2022). Although there was a drop in the share of CASA deposits from March 31, 2018, the overall retail term deposits (retail term deposits/ total term deposits) remain stable at 63% (based on quarterly average balance) as on September 30, 2023. This contributes to competitive cost of deposits and cushions the net interest margin. The bank has a strong focus on increasing the CASA share and has been ramping up its branch network to effectively target the retail customer base.

With a network of 5,152 branches (domestic, including extension counters) as on September 30, 2023 and a strong digital footprint, the bank is expected to sustain a healthy resource profile over the medium term.

**Strong market position**

Axis Bank is amongst the top three private sector banks, with a market share of around 6.0% and 4.8% in advances and deposits, respectively. Advances recorded a compound annual growth rate (CAGR) of ~14% over the five fiscals through 2023, mainly contributed by stronger growth in retail loans. Also, the loan portfolio is well balanced with retail loans constituting 58% of loans, followed by corporate (31%) and small and medium enterprise (SME; 11%) loans, as on September 30, 2023. Share of the retail portfolio has grown sharply to 58% as on September 30, 2023, from 27% as on March 31, 2013.

The bank has also retained its strong position in the debt syndication business, which continues to support expansion in fee income. With healthy capitalisation, well spread out branch network, diverse product offerings, and a strong digital footprint, the market share is expected to improve over the medium term.

**Weakness:****Average asset quality**

The bank's overall asset quality remains average, although it is on improving trend over the last few quarters and GNPA stood at 1.73% as on September 30, 2023. The improving trend is driven by controlled slippages coupled with steady upgradations and recoveries (Upgradations and recoveries of Rs 4,290 crore for half year ended fiscal 2024 as against Rs 5,783 crore for previous fiscal). However, over the near-to-medium term, the asset quality will remain monitorable.

Under the various schemes announced by the RBI dated January 1, 2019, February 11, 2020, August 6, 2020, and May 5, 2021, the bank had outstanding restructured portfolio of 0.19% of gross advances as on September 30, 2023. Nevertheless, its ability to manage collections and asset quality going forward will be a key monitorable. Provision coverage ratio (excluding technical write-offs) stood at 79% as on September 30, 2023 (81% as on March 31, 2023).

The Bank's ability to manage asset quality, in both the corporate and retail loan portfolios amidst the challenging macro environment will remain a key rating monitorable over the near-to-medium term.

**Liquidity: Superior**

The bank's liquidity position is comfortable, supported by a strong retail deposit base that forms significant part of the total deposits. Bank's liquidity coverage ratio was 118% (on a consolidated basis) as on September 30, 2023. The Bank's liquidity also benefits from access to systemic sources of funds such as the liquidity adjustment facility from the RBI, access to the call money market, and refinance limits from sources such as National Housing Bank and National Bank for Agriculture and Rural Development.

**ESG Profile**

CRISIL Ratings believes that Axis Bank's Environment, Social, and Governance (ESG) profile supports its already strong credit risk profile.

The ESG profile in banking sector typically factors in governance as a key differentiator between individual banks. The sector has reasonable social impact because of its substantial employee and customer base, and it can play a key role in promoting financial inclusion. While the sector does not have a direct adverse environmental impact, the lending decisions may have a bearing on environment.

Axis Bank has an ongoing focus on strengthening various aspects of its ESG profile.

Axis Bank's key ESG highlights:

- The bank has in place the ESG policy for Lending that integrates environmental and social risk assessment into corporate credit appraisal mechanism. The Policy applies to all new funding projects, subject to the specified threshold criteria. Further, the Bank channelizes its investments towards low carbon sectors such as renewable energy, mass transport, electric mobility and green infrastructure. In fiscal 2022, the bank has committed to incremental financing of Rs 30,000 crore towards green and social sectors till fiscal 2026.
- It has set a target of carbon emissions reduction of at least 10% of its total emissions by fiscal 2024. Bank will further committed to make 5% of its Retail Two-Wheeler loan portfolio as electric by fiscal 2024
- Bank has taken various initiatives to support gender diversity, such as a specific leadership focused programme for women restarting from a career break and diversity-focused hiring programmes. As on March 31, 2023, 25.7% of the bank's employee were women and the bank targets to take this to 30% by fiscal 2027.
- Majority of the board members are independent directors, and there is a segregation in chairperson and executive positions. The bank has a dedicated investor grievance redressal mechanism and the disclosures put out by it are extensive. The bank also has a standalone ESG Committee at the Board level.

There is growing importance of ESG among investors and lenders. Axis Bank's commitment to ESG will play a key role in enhancing stakeholder confidence, given high share of foreign investors as well as access to both domestic and foreign capital markets.

#### **Outlook: Stable**

CRISIL Ratings believes Axis Bank will continue to maintain its strong capital position, healthy resource profile, and comfortable earnings profile over the medium term.

#### **Rating Sensitivity Factors**

##### **Downward Factors**

- Higher than expected deterioration in asset quality thereby impacting earnings profile
- Decline in capital adequacy ratios (including CCB) with CET I remaining below 11% on sustained basis

#### **About the Bank**

Axis Bank commenced operations in 1994 as UTI Bank, which was renamed in July 2007, and is now the third-largest private sector bank in India. It was jointly promoted by the administrator of Specified Unit Trust of India Undertaking, Life Insurance Corporation of India Ltd, General Insurance Corporation and four Government-owned general insurance companies. As on September 30, 2023, the bank had a 5,152 network domestic branches including extension counters across the country.

On March 30, 2022, Axis Bank and Citibank announced that their respective Boards of Directors have approved the acquisition of Citibank's consumer businesses (credit cards, retail banking, wealth management, asset backed financing and consumer loans) in India by Axis Bank.

On March 01, 2023 Axis Bank has announced completion of acquisition of the Citibank's India Consumer Business. Axis Bank has paid total purchase consideration (subject to customary and contractual adjustments) of Rs 11,603 crore which was entirely self funded. The deals aims to consolidate and further improves market position in wealth and private banking business. It will provide Axis Bank with access to large retail customer base of 1.8 million credit card holder and aggregate deposit base of ~ Rs 39,900 crore. Axis Bank has been able to retain ~3,200 employees of CitiBank. Citibank will provide requisite support for 18 months for smooth transition and integration of business with Axis Bank

On standalone basis, the bank reported profit after tax (PAT) was Rs 9,580 crore on total income of Rs 59,447 crore in fiscal 2023, against Rs 13,025 crore and Rs 48,353 crore, respectively, in fiscal 2022.

The Bank incurred an exceptional expense of Rs 12,490 crore, pertaining to the acquisition of Citibank's India Consumer Business. However, excluding the same, the PAT stood at Rs 21,933 crore.

On consolidated basis, the Bank reported PAT was Rs 10,818 crore on total income (net of interest expense) of Rs 62,766 crore in fiscal 2023, against Rs 14,119 crore and Rs 51,192 crore, respectively, in fiscal 2022.

##### Note on Tier-I Instruments (under Basel III)

The distinguishing features of non-equity Tier-I capital instruments (under Basel III) are the existence of coupon discretion at all times, high capital thresholds for likely coupon non-payment, and principal write-down (on breach of a pre-specified trigger). These features increase risk attributes of non-equity Tier-I instruments over those of Tier-II instruments under Basel III, and capital instruments under Basel II. To factor in these risks, CRISIL notches down the rating on these instruments from the bank's corporate credit rating. The rating on Axis's Tier-I bonds (under Basel III) has, therefore, been lowered by one notch from its corporate credit rating to CRISIL AA+/Stable, in line with CRISIL's criteria (refer to 'CRISIL's rating criteria for BASEL III compliant instruments of banks').

The factors that could trigger a default event for non-equity Tier-I capital instruments (under Basel III) resulting in non-payment of coupon are: i) the bank exercising coupon discretion; ii) inadequacy of eligible reserves to honour coupon payment if the bank reports losses or low profits; or iii) the bank breaching the minimum regulatory Common Equity Tier-1 (CET I; including Capital Conservation Buffer) ratio. Moreover, given the additional risk attributes, the rating transition for non-equity Tier-I capital instruments (under Basel III) can potentially be higher and faster than that for Tier-II instruments.

##### Note on Tier-II Instruments (under Basel III)

The distinguishing feature of Tier-II capital instruments under Basel II is the existence of the point of non-viability (PONV) trigger, the occurrence of which may result in loss of principal to the investors and hence, to default on the instrument by the issuer. According to the Basel III guidelines, the PONV trigger will be determined by the Reserve Bank of India (RBI). CRISIL believes that the PONV trigger is a remote possibility in the Indian context, given the robust regulatory and supervisory framework and the systemic importance of the banking sector. The inherent risk associated with the PONV feature is adequately factored into the rating on the instrument.

##### Note on complexity levels of the rated instrument:

CRISIL Ratings' complexity levels are assigned to various types of financial instruments and are included (where applicable) in the 'Annexure - Details of Instrument' in this Rating Rationale.

CRISIL Ratings will disclose complexity level for all securities - including those that are yet to be placed - based on available information. The complexity level for instruments may be updated, where required, in the rating rationale published subsequent to the issuance of the instrument when details on such features are available.

### Rationale

Axis Bank Limited's (Axis Bank) ratings continue to be supported by its strong position in the Indian financial system by virtue of being the third-largest private sector bank with a 6.2% share in advances and a 5.2% share in the deposits of the banking system as on June 30, 2023. Further, the bank's capitalisation profile remains strong and well above the regulatory levels, supported by higher internal accruals. The overall improvement in the profitability levels is expected to largely sustain, which will continue to be supportive from a growth and capital perspective.

Axis Bank's ratings also factor in the strong liability profile with a steady increase in granularity, which is reflected in the high share of retail term deposits (RTDs) and current account and savings account (CASA) deposits in total deposits. Additionally, the headline asset quality metrics have remained on an improving trajectory, supported by the gradual decline in fresh non-performing advances (NPA) generation as well as strong recoveries and upgrades. However, the weakening of macro-economic factors, including the elevated inflation, the depreciation of the Indian rupee and the rising interest rates, could impact certain borrowers. Axis Bank's ability to contain slippages in these segments and maintain high recovery rates will remain key for ensuring a sustained improvement in the asset quality in the near to medium term. Nevertheless, the overall asset quality metrics are expected to remain at much better levels compared to the weaker levels seen in previous years. Over and above this, the bank continues to operate with large prudent provisions, which can help absorb some of this impact if the same materialises.

Going forward, the ability to sustain the improvement in the granularity of the deposit base and deposit costs will remain critical for further improvement in the operating profitability level while pursuing growth. The Stable outlook on the ratings reflects ICRA's view that Axis Bank will continue to maintain its strong position in the Indian banking sector while maintaining its asset quality, profitability and solvency position.

ICRA has withdrawn the rating assigned to the Rs. 5,000-crore infrastructure bonds as these bonds have been fully redeemed and no amount is outstanding against the same. The rating was withdrawn in accordance with ICRA's policy on withdrawal ([click here for the policy](#)).

## Key rating drivers and their description

### Credit strengths

**Strong position in financial services industry supports the share of granular assets** – Axis Bank is the third-largest private bank and the seventh-largest bank in the overall Indian banking sector, with the share of advances in banking sector credit at 6.2% as on June 30, 2023 (5.9% as on September 30, 2022). Furthermore, it offers various financial services across investment banking, asset management, securities broking and lending through its subsidiaries, namely Axis Capital Limited, Axis Asset Management Company Limited, Axis Finance Limited and Axis Securities Limited. It expanded its foothold in the insurance business following the Group's acquisition of a ~13% stake in Max Life Insurance Company Limited, with the option to acquire an additional ~7% stake in the near future.

Axis Bank's net advances witnessed a strong pickup in growth over the past few quarters with a year-on-year (YoY) growth between 14% and 23%, which supported the increase in net advances to Rs. 8.97 lakh crore as on September 30, 2023. The growth momentum was largely driven by the granular retail book, which continued to rise at a comparatively higher pace of ~23% YoY as on September 30, 2023. Going forward, ICRA expects the bank to remain focused on growing its granular retail book, which will support an improvement in its profitability metrics as well.

**Capital cushions remain strong** – Axis Bank's capitalisation profile remains strong with the CET I, Tier I and CRAR (as a percentage of risk-weighted assets; RWAs) at 14.56%<sup>1</sup>, 15.08%<sup>1</sup> and 17.84%<sup>1</sup>, respectively, as on September 30, 2023. The capital position was strengthened by equity capital raises, totalling ~Rs. 33,700 crore, over FY2018-FY2021. Additionally, it raised dollar-denominated Additional Tier-I (AT-I) bonds amounting to \$600 million (~Rs. 4,400 crore) in FY2022, which led to an increase in the Tier I capital. The meaningfully large capital raise and improved earnings profile helped offset the impact of goodwill and intangibles impairment related to the acquisition of Citibank's India consumer business as well as the capital charge of the acquired book in FY2023. Additionally, the overall earnings profile has seen a gradual improvement as credit costs have moderated, which is helping the bank support asset growth while maintaining the strong capitalisation. In ICRA's view, the current capital position is sufficient to support Axis Bank's growth requirements as well as absorb unforeseen asset quality shocks, while keeping the capital cushion and solvency better than the negative rating triggers.

**Steady growth in granular deposit base, although cost of interest-bearing funds remains higher than peer banks** – The bank's overall deposit base grew by a strong 18% YoY to Rs. 9.56 lakh crore as on September 30, 2023. Within overall deposits, the low-cost current and savings account. (CASA)/total deposits stood at 44.4% as on September 30, 2023, which remains higher than the private sector average, but lower than the >50% levels seen in the past. Nevertheless, the bank continues to steadily grow its granular RTD base, which accounted for 62% of the total term deposits as on September 30, 2023 (66% as on September 30, 2022). Together, CASA and RTD dominate the total deposit profile at 79%, which, to an extent, helped the bank narrow the asset-liability maturity gaps over time.

However, Axis Bank's interest rate proposition remains marginally above peer rated banks, resulting in a relatively higher cost of interest-bearing funds for the bank compared to peer private sector banks. Further, given the rise in monetary policy rates, the cost of interest-bearing funds increased to 4.91% in H1 FY2024 (3.85% in H1 FY2023 and 3.93% in FY2023). Going forward, the bank's ability to achieve stronger growth while maintaining or improving the cost differential will remain key for supporting an improvement in its operating profitability.

**Earnings profile improves; sizeable prudent provisions provide cushion to profitability** – Net interest margin (NIM)/average total assets witnessed a sustained improvement to 3.66% in H1 FY2024 (3.45% in FY2023, 3.06% in FY2022 and 3.07% in FY2021), largely led by the expansion in interest spreads and better asset quality levels. The strong growth in net advances, expansion in spreads and steady non-interest income levels have been partially offset by the sharper rise in the overall operating expense level as the bank continues to grow its franchise. Further, a one-time charge on account of the impairment of goodwill arising out of the Citibank acquisition led to a moderation in the return on assets (RoA) to 0.8% in FY2023 from

<sup>1</sup> Including H1 FY2024 profits

1.2% in FY2022, though this reverted to 1.8% (annualised) in H1 FY2024. Moreover, the bank continued to hold prudent provisions of ~Rs. 5,000 crore or 0.6% of standard advances as on September 30, 2023. Overall, ICRA expects Axis Bank to maintain an RoA of more than 1.0%, which shall be sufficient for its growth capital requirements over the medium term.

#### Credit challenges

**Asset quality remains monitorable** – The gross fresh NPA generation rate moderated to 1.7% (annualised) in H1 FY2024 from 2.0-3.3% during FY2021-FY2023 and was meaningfully lower than the levels seen prior to the onset of the Covid-19 pandemic. However, slippages have largely been from the retail segment while lumpy slippages in the corporate book have remained limited. As a result, the NPA generation rate remains higher in the retail segment. Supported by lower slippages as well as strong recoveries and upgrades, the gross and net NPA improved to 1.8% and 0.4%, respectively, as on September 30, 2023 (2.7% and 0.6%, respectively, as on September 30, 2022). Axis Bank's overall restructured book also remains manageable (0.2% of standard advances).

Nevertheless, the weakening of macro-economic factors, including high inflation, the depreciation of the Indian rupee and increasing interest rates, could impact certain borrowers. Axis Bank's ability to contain slippages in these segments and maintain high recovery rates will remain key for ensuring a sustained improvement in the asset quality in the near to medium term.

#### Environmental and social risks

While banks like Axis Bank do not face material physical climate risks, they are exposed to environmental risks indirectly through their portfolio of assets. If the entities or businesses, to which banks and financial institutions have an exposure, face business disruptions because of physical climate adversities or if they face climate transition risks because of technological, regulatory or customer behaviour changes, the same could translate into credit risks for banks. However, such a risk is not material for Axis Bank as it benefits from adequate portfolio diversification. Further, the lending is typically short-to-medium term, allowing it to adapt and take incremental exposure to businesses that face relatively lesser downside environmental risks.

With regard to social risks, data security and customer privacy are among the key sources of vulnerability for banks as material lapses could be detrimental to their reputation and invite regulatory censure. Axis Bank has not faced such lapses over the years, which highlights its sensitivity to such risks. It is seen to be operating responsibly in terms of its selling practices with no instances of fines being imposed by the regulatory authorities because of misconduct. Customer preferences are increasingly shifting towards digital banking, which provides an opportunity to reduce the operating costs. Axis Bank has been at the forefront of making the requisite investments to enhance its digital interface with its customers. While it contributes to promoting financial inclusion by lending to the under-served segments, its lending practices remain prudent, as reflected in the healthy asset quality numbers in this segment compared with its peers.

#### Liquidity position: Strong

Axis Bank's liquidity remains strong with the daily average liquidity coverage ratio (LCR) at 118% in Q2 FY2024 against the regulatory requirement of 100%. Besides this, the bank's reported net stable funding ratio (NSFR) stood at 133% as on September 30, 2023, above the regulatory ask of 100%. The excess statutory liquidity ratio (SLR) holding above the regulatory levels can be utilised to avail liquidity support from the Reserve Bank of India (RBI) through reverse repo) apart from the marginal standing facility of the RBI in case of urgent liquidity requirement.

## Rating sensitivities

**Positive factors** – Not applicable as all the ratings are at the highest possible levels

**Negative factors** – ICRA could assign a Negative outlook or downgrade the ratings if there is a material weakening in the bank's liability franchise, thereby impacting its resource profile. This apart, a deterioration in the asset quality or capital position, leading to the weakening of the solvency profile with net NPA/core capital of more than 15% on a sustained basis, could be a negative trigger. Further, a sustained RoA of less than 1.0% and/or a fall in the capital cushions over the regulatory levels to less than 4% at the CET I level, on a sustained basis, will remain negative triggers. Additionally, the weakening of the distributable reserves (DRs) eligible for the coupon payment on the AT-I bonds will be a negative trigger for the rating for these bonds.

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click Here](#)

### Key features of the rated instruments

The servicing of the Basel III Tier II bonds is not subject to any capital ratios and profitability. However, the Basel III Tier II bonds and Basel III Tier I bonds (AT-I bonds) are expected to absorb losses once the point of non-viability (PONV) trigger is invoked.

Further, the exercise of the call option on the Basel III Tier II and Tier I bonds is contingent upon the prior approval of the RBI. Moreover, the bank will need to demonstrate that the capital position is well above the minimum regulatory requirement, post the exercise of the said call option.

The rated Tier I bonds have the following loss-absorption features that make them riskier:

- Coupon payments are non-cumulative and discretionary, and the bank has full discretion at all times to cancel coupon payments. Cancellation of discretionary payments shall not be an event of default.
- Coupons can be paid out of the current year's profits. If the current year's profit is not sufficient or if the payment of the coupon is likely to result in a loss, the coupon payment can be made through the reserves and surpluses<sup>2</sup> created via the appropriation of profits (including statutory reserves). However, the coupon payment is subject to the bank meeting the minimum regulatory requirements for the CET I, Tier I and total capital ratios (including capital conservation buffer, CCB) at all times as prescribed by the RBI under the Basel III regulations.

These Tier I bonds are expected to absorb losses through the write-down mechanism at the objective prespecified trigger point fixed at the bank's CET I ratio as prescribed by the RBI, i.e. 6.125% of the total RWAs of the bank or when the PONV trigger is breached in the RBI's opinion.

Given the above distinguishing features of the Tier I bonds, ICRA has assigned a one notch lower rating on these than the rating on the Tier II instruments. The DRs that can be used for servicing the coupon in a situation of inadequate profit or a loss during the year stood at a comfortable 8.2% of RWAs as on September 30, 2023.

<sup>2</sup> Calculated as per the amendment in Basel III capital regulations for Tier I bonds by the RBI, vide its circular dated February 2, 2017. As per the amended definition, DRs include all reserves created through appropriations from the profit and loss account

The rating on the Tier I bonds continues to be supported by the bank's capital profile, which is likely to remain comfortable, given the outlook on its profitability. However, the transition to the expected credit loss (ECL) framework and its impact on the capital and DRs remain monitorable.

### COPY OF IN-PRINCIPLE APPROVAL FROM THE STOCK EXCHANGE

National Stock Exchange Of India Limited

Ref. No.: NSE/LIST/8082

August 30, 2024

The Company Secretary  
Axis Bank Limited  
"Trishul", Third Floor, Opp. Samarsheshwar Temple,  
Law Garden, Ellisbridge,  
Ahmedabad – 380 006

Dear Sir,

**Sub.: In-principle approval for listing of Non-Convertible Debentures on private placement basis.**

This is with reference to your application requesting for in-principle approval for General Information Document dated August 29, 2024 for proposed listing of Non-Convertible Debentures for an amount not exceeding Rs. 35,000 crore on private placement basis to be issued in various tranches by Axis Bank Limited. In this regard, the Exchange is pleased to grant in-principle approval for the said issue, subject to adequate disclosures to be made in the General Information Document / Key Information Document in terms of SEBI (Issue And Listing of Non-Convertible Securities) Regulations, 2021 as amended from time to time, applicable SEBI Circulars and other applicable laws in this regard and provided the Company prints the Disclaimer Clause as given below in the General Information Document / Key Information Document after the SEBI disclaimer clause:

**"As required, a copy of this General Information Document / Key Information Document has been submitted to National Stock Exchange of India Limited (hereinafter referred to as NSE). It is to be distinctly understood that the aforesaid submission or in-principle approval given by NSE vide its letter Ref.: NSE/LIST/8082 dated August 30, 2024 or hosting the same on the website of NSE in terms of SEBI (Issue And Listing of Non-Convertible Securities) Regulations, 2021 as amended from time to time, should not in any way be deemed or construed that the document has been cleared or approved by NSE; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this document; nor does it warrant that this Issuer's securities will be listed or will continue to be listed on the Exchange; nor does it take any responsibility for the financial or other soundness of this Issuer, its promoters, its management or any scheme or project of this Issuer.**

Every person who desires to apply for or otherwise acquire any securities of this Issuer may do so pursuant to independent inquiry, investigation and analysis and shall not have any claim against the Exchange whatsoever by reason of any loss which may be suffered by such person consequent

Ref. No.: NSE/LIST/8082
